PROFESSIONAL SUMMARY

Results-driven **Software Engineer** with hands-on experience building and maintaining **scalable web applications** across both frontend and backend layers. Strong in **JavaScript and TypeScript**, with practical expertise in **React, Node.js, Express, and NestJS**, and solid database experience using **PostgreSQL and MongoDB**. Proven ability to collaborate cross-functionally, ship clean APIs, and deliver responsive, user-centered interfaces.

CORE SKILLS

- **Languages** : JavaScript (ES6+), TypeScript
- **Frontend Development** : React, Axios, Responsive Design, UI/UX Optimization, Component-Based Architecture
- **Backend Development** : Node.js, Express.js, NestJS, RESTful APIs, Authentication & Authorization, API Integration
- **Databases** : PostgreSQL, MongoDB
- **Engineering Practices** : Git, GitHub, Clean Code, Performance Optimization, Agile Collaboration

FEATURED PROJECTS

Digital Presence Hub (DPH) Platform — Frontend Contributor & Quality Control

——— <https://dph-frontend.vercel.app/>

Tech: React, JavaScript, REST APIs

- Contributed to frontend development of a public-facing **Digital Presence Hub platform**.
- Conducted **quality control and functional testing** across critical user flows to ensure reliability.
- Identified UI and integration issues early, improving usability and reducing post-release bugs.
- Collaborated with developers to validate feature completeness against product requirements.

EXPERIENCE

Software Developer Slushtech Solutions — February 2025 – Present

- Develop and maintain backend services using **Node.js, NestJS, PostgreSQL, and MongoDB**.
 - Design and implement **RESTful APIs**, ensuring scalability, security, and maintainability.
 - Optimize database queries and data models to improve application performance.
 - Collaborate closely with frontend engineers to deliver seamless end-to-end features.
 - Apply backend best practices including validation, error handling, and modular architecture.
-

Software Developer Intern TechStudio Consult — June 2024 – September 2024

- Collaborated with a cross-functional team to build a web application enabling **SMEs to establish an online presence**.
- Developed frontend features using **React**, integrating with backend APIs via **Axios**.
- Improved **mobile responsiveness and UI/UX**, enhancing accessibility and user engagement.
- Built reusable, maintainable components to speed up development and reduce code duplication.
- Actively used **Git and GitHub** for version control, pull requests, and team collaboration.

EDUCATION

Bachelor of Science in Pharmacology — Olabisi Onabanjo University – Ago-Iwoye, Ogun State (**June, 2021**)

CERTIFICATIONS

- **Data Structure and Algorithm** — Udemy (October, 2025)
- **Javascript Full Stack Web Development** — TechStudio Academy (June, 2024)
- **Software Development** — Tech4Dev Initiative (November 2023)
