PROFESSIONAL SUMMARY

Full-stack Software Developer with hands-on experience building and maintaining scalable web applications across frontend and backend systems. Skilled in JavaScript and TypeScript with practical experience using React, Node.js, Express, NestJS, and MongoDB. Experienced in designing RESTful APIs, implementing authentication systems, integrating third-party services, and collaborating on production-ready applications. Passionate about building reliable, maintainable solutions that improve user experience and business operations.

CORE SKILLS

- **Languages** :JavaScript (ES6+), TypeScript
- **Frontend Development** : React, Axios, Responsive Design, UI/UX Optimization, Component-Based Architecture
- **Backend Development** : Node.js, Express.js, NestJS, RESTful APIs, Authentication & Authorization, API Integration
- **Databases** :PostgreSQL, MongoDB
- **Engineering Practices** :Git, GitHub, Clean Code, Performance Optimization, Agile Collaboration

PROFESSIONAL EXPERIENCE

Software Developer **Slushtech Solutions** — *February 2025 – Present*

- Develop and maintain scalable backend services and APIs using Node.js, NestJS, and MongoDB
- Design and implement secure RESTful APIs with authentication and role-based access control
- Collaborate on full-stack applications, supporting frontend integrations and end-to-end feature delivery
- Optimize database queries and application performance to improve system reliability and maintainability
- Contribute to production solutions including an e-gifting platform, hotel management system, and utility service management platform
- Support quality assurance processes by identifying issues early and improving development workflows

Software Developer Intern **TechStudio Consult** — *June 2024 – September 2024*

- Collaborated with a cross-functional team to build a web application enabling **SMEs to establish an online presence**.
- Developed frontend features using **React**, integrating with backend APIs via **Axios**.
- Improved **mobile responsiveness and UI/UX**, enhancing accessibility and user engagement.
- Built reusable, maintainable components to speed up development and reduce code duplication.
- Actively used **Git and GitHub** for version control, pull requests, and team collaboration.

PROJECTS

[eWaiters Hotel Management Platform](#)

Contributed to both frontend and backend development of a hotel management platform, implementing APIs, frontend features, and improving overall application workflows.

[E-Gifter Platform](#)

Collaborated on backend development, implementing authentication systems, gift page workflows, and user settings functionality.

EDUCATION

Bachelor of Science in Pharmacology — *Olabisi Onabanjo University – Ago-Iwoye, Ogun State (June,2021)*

CERTIFICATIONS

- **Data Structure and Algorithm** — *Udemy (October, 2025)*
- **Javascript Full Stack Web Development** — *TechStudio Academy (June,2024)*
- **Software Development** — *Tech4Dev Initiative (November 2023)*
